

RECEIVING HEALING

JULY 26, 2017

ROMANS 12:1-2

Before we can successively stand in faith for healing, we must be fully convinced that healing and health are always the will of God. This truth is the basis for our faith. In order to be fully convinced, we must deal with the body and the unrenewed mind. When healthy, both body and mind are in full agreement. When attacked, the battle begins. Whose report do we believe then?

ROMANS 10:17

Faith for healing comes from hearing the Word. The Word must be exalted above what we feel or think. This is the true fight of faith.
