REVIEW:

In our last lesson we saw that the finished work of Jesus includes salvation, deliverance, healing, peace, protection, provision and victory over every enemy.

CONTINUE: - 1 CORINTHIANS 10:1-13

Paul uses the exodus to Canaan experience to explain the believer's journey from out of the world into the finished work of Christ. Instead of staying focused, the Israelites got distracted and failed to enter the land of promise. **DEUTERONOMY 26:1** mentions three steps: Come to the land, possess the land, and dwell in the land.

UNDER MOSES

They came to the land, they didn't possess the land or dwell in the land of promise. **HEBREWS 3:10-19**

UNDER JOSHUA

They came to the land, possessed the land, and dwelt in the land of promise. **JOSHUA 6:20**

THE WARNING – HEBREWS 4:1-3, 9-11

Unbelief can prevent us from entering into and experiencing everything Jesus made available to us. The choice is ours, we can try to do it on our own (works), or we can rest in what Jesus has done for us (grace). The battle is between faith and unbelief.

THE DIFFERENCE

Moses couldn't get the people to believe that God already gave them the land and all they had to do was show up and shout! That generation died without enjoying the promised land. Under Joshua, God taught the new generation faith, and how to shout!
