

# ANGELS

## NOVEMBER 1, 2023

### **EPH. 6:12**

We're in a spiritual war involving a highly organized host of unseen demon powers planning strategies to devour us. The Good News is we're not alone. Jesus defeated these forces and provides assistance for us so that we can carry out their defeat.

### **HEB. 1:14 NIV**

Michael and Gabriel assisted Daniel; an unnamed angel assisted Jesus; an angel awakened Dr. Glenn Burris, district supervisor for the Four Square Church International, saying "Your house is on fire". He got up and put the fire out.

### **2 KINGS 6:16-17**

We all need God to open our eyes to this reality so we, too, can experience the ministry of angels and get them involved in our affairs. How? By:

- Acknowledging their existence (**PS. 91:11-12**).
- Respecting their functions (**EX. 23:20-23 HCSB**).
- Activating their ministry (**PS. 103:20 AMPC**). Voice is qol in Hebrew meaning to call aloud. Word is dabar, meaning command. **ECCL. 5:6**

### **DANIEL 10:12**

Gabriel came for Daniel's words. As we speak God's word and give voice to it, it's important to know angels are listening and ready to respond (**MT. 16:19**).

- We can ask the Father for angelic help.
- We can use our authority to release angelic help.
