

HOLY GHOST POWER

MAY 21, 2025

ACTS 1:8

- It was once said that Niagara Falls was the greatest unused power source in the universe. That was until 1881 when the first hydroelectric generating station was built on the Niagara River. Now, it generates 2.4 Giga Watts or 2.4 billion watts of power (4.9 million Kilowatts) that provides electricity for 3.8 million homes.
- There was a time when travel was limited to horse and buggy and man knew nothing about the Law of Thrust and Lift. Then in 1726, Isaac Newton developed a Theory of Air Resistance. Now, a space shuttle weighing 4.5 million pounds is thrust into orbit by the use of 6.6 million pounds of thrust.
- **JER. 32:17** How much power does it take to create and sustain a universe? Millions and millions of water's spheres magnetically clumped together and electrically bursting into "Let there be light" to initiate the galaxy on nuclear fusion and fission fire to create time and matter within a light inflation sphere.
- **EPH. 1:17-20** How much power does it take to save a lost soul? Political powers can't, military powers can't, neither can monetary, intellectual, religious or the powers of good-will. Neither can giga, watt or kilowatt power. Only the same power that raised Jesus from the dead can remove a man from the kingdom of darkness.
- **EPH. 3:20** Once saved and Spirit-filled, the greatest source of power dwells in the believer. Paul prayed for us to have an understanding of this power and activate it so God can do great things for us and through us in this life.
- **PHIL. 3:10-11 AMPC** Paul's earnest desire was to experience the power that restored life to the lifeless body of Jesus and raised Him from the dead.
- **2 PET. 1:3** Whatever deficiency we may have can be overcome by the power that lies within us. **PHIL. 4:13 AMPC**, the Father infuses His own supernatural energy into us, so we can succeed in doing His will and carry out His plan for our lives.

Conclusion 2 THES. 1:11 God's work is a work of faith with power. God's power can be activated or lie dormant in us and unused. It's our duty to develop our faith in the limitless power of God that resides in us, so God can do above all we ask or think.
